Office of the President

Telephone: 362-2131

If you are like me, your college yearbook will hold special meanings for many years. Just as I can recall days of hope, struggle and ultimate satisfaction in Michigan long ago, so you are reminded of days well spent at Cape Cod Community College.

Whether your goals involve transfer for a higher degree, an immediate career or continued studies here, you have reason for personal satisfaction. For you have followed through on a commitment to challenge your mind and thus enrich your entire life.

Years from now, you'll scan this year book, perhaps chuckle at how we looked "back then," and feel a good measure of pride that you opted for higher education. Well done!

The way to convince another is to state your case moderately and accurately.

Then scratch your head, or shake it a little, and say that is the way it seems to you, but of course you may be mistaken about it.

This causes your listener to receive what you have to say, and as like as not, turn about and convince you of it, since you are in doubt.

But if you go at him in a tone of positiveness and arrogance you only make an opponent of him.

The attempt and effort to put together The Foreseer has been great. Back in September of 1985, the yearbook was literally dropped into my lap. At that time I was unaware of the vast responsibility I had so blindly undertaken. I have since spent endless and often futile hours between the darkroom and the office working toward the completion of The Foreseer, trying to produce something to be remembered and not forgotten! I would like to thank my publishing representative, Mr. Conrad Schmidt, for all his devoted time and patience as I reacquainted myself with the world of Quad-paks, grease pencils, croppers, deadlines and headaches. Without Conrad, I would not have had the ability and perseverance to finish this project. I can only hope that this yearbook will bring back great memories of times spent at the college.

Good-bye, and good luck,

Tracy A. Hill Editor in Chief
